Dear Sir/Madam

Community Governance Review

Ashford Borough Council has now completed their community governance review. I have attached a summary of the final recommendations that were agreed by the council on 10 December 2015. I have also included a map of any alterations pertaining to areas relevant to you. If you wish to view the remainder of this information this is available online at www.ashford.gov.uk/community-governance-review or at our offices.

These recommendations will now be passed to the Boundary Commission for consequential amendments to be made. Once the legislative order bringing these into effect has been laid in Parliament they will become law. Their effective date will be with the ordinary elections on the first Thursday in May of 2019.

Thank you for your participation in this process. It may be of interest to you that the Local Government Boundary Commission for England will be undertaking a review of Ashford's borough ward boundaries in 2016/17. More details on this will be circulated at a later date and you can also view our website for updates.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Valma Page'.
